

DK SPEC

Hydro-Lock System

Conversion of fixed conventional bottom and top heads on your planer with the new Hydro-Lock system with removable heads

Technology

- High Performance
- Superior precision, more accurate cutting circle
- Can easily be adapted on other planers such as Coastal, Newman, Stetson Ross, Yates

Advantages

- Lower operating costs
- Increased feeding speed
- Improved wood finish
- Easier planning of the sharpening
- Minimal jointing requirement for longer life span of knives
- Knives sharpened directly on the heads
